MISSION

The AXS Center provides a long-term, life changing environment that values and supports young adults.

PHILOSOPHY

We focus on building positive relationships through education, recreation and community partnerships to enhance the quality of life for southeastern Connecticut's young adult population.

WE ARE:

A place where young adults can change their lives.

The AXS Center provides tailored services to young adults with emotional, mental health and/or substance use concerns. Their experiences may include foster care, group home settings, the juvenile justice system, or homelessness, but any young person seeking help is welcomed.

We provide a space of: safety, support, acceptance, skill building, goal-setting, socialization, and hope.

We ask our young adults to challenge their perceptions of themselves and others.

We help them to identify their gifts and goals.

DO YOU OR A YOUNG ADULT YOU KNOW...

- want to finish school?
- find a job?
- find a safe, clean place to live?
- learn how to budget?
- grow in skills and confidence?
- connect with good people?
- want a fun, safe, supportive place to hang out?
